

WITE FLOOR PAD NOVA

It is used for **CLEANING CARPET
AND CARPET SURFACES**

**DELAYS DUST AND DIRT
DEPOSITION** on cleaned surfaces,
ensuring cleanliness for longer

For effective operation **REQUIRES**
only **CLEAN WATER**

Does not require the use
of **ANY CHEMICALS**
for cleaning

Material:

MICROFIBER MATERIAL

If you want to take care of the cleanliness and hygiene of carpets and rugs in your home, reach for the white Nova floor pad. This is a product that effectively removes dirt thanks to nanofibers. You don't have to use any chemicals, just soak the cushion in water, squeeze it, attach it to the handle with a bar and drag it over the carpet or rug. The Nova cushion is characterized by high absorbency, so it does not leave moisture on the cleaned surfaces.

The white Nova floor pad is an innovative and ecological way to refresh carpets and rugs without having to use dry cleaning services. So it is an ideal solution for people who care about both the health of their family and the environment.

EASY TO CARE FOR - just shake
after use and wash occasionally
in concentrated washing liquid
(concentrated washing liquid with
nanosilver), without the addition of
softeners

RETAINS EFFECTIVENESS even
after dozens of washes

**EFFECTIVENESS CONFIRMED
BY TESTS PERFORMED**
at the Environmental Research
Laboratory in Wrocław EKOLABOS

HAS A CERTIFICATE
of the national institute of public
health PZH

M I C R O F I B E R S

Fibers with a diameter of 20 micrometers and a structure resembling human hair. This means that there is a groove in them, into which dirt can penetrate, accumulate and not penetrate back to the cleaned surface.

During washing, dirt is easily removed, leaving the fibers clean and ready for further use. As they are used, their structure is slightly damaged, which increases the ability to absorb dirt. In addition, the material can even absorb unpleasant odors.

H O W T O U S E

For wet use.

It is used together with the quick-fit head and the telescopic rod.

It is used to wash all surfaces, large and small, which are not damaged by contact with water. Such as: wall and floor ceramics, frost-resistant facades, plastic and wood-like panels, washing walls covered with emulsion, washable wallpapers, marble-terrazzo surfaces, e.g. tombstones, etc., carpets. It leaves little moisture, and the washed surface is clean and shiny without wiping it dry.
