

BODY GLOVE

REMOVES dirt and dead skin

SUPPORTS skin cell **RENEWAL**

REPLACES traditional sponges
and washcloths

DOES NOT REQUIRE
the use of any cleansing
cosmetics

Material:

MICROFIBER MATERIAL

Body Glove is a body wash and care glove that removes dirt, bacteria and dead skin from the skin surface. Body Glove does not require the use of soap or any cosmetics, just wet it with water, gently massage the body and then rinse it off. The washing glove is hypoallergenic and environmentally friendly because it does not pollute water or generate waste.

WORKS with just water

IDEAL for all skin types

EASY TO CARE FOR

– just rinse after use in water
with added soap with nanosilver,
and wash from time to time in
concentrated washing liquid (con-
centrated washing liquid
with nanosilver)

**DERMATOLOGICALLY
TESTED**

E F F E C T O F U S E

- It leaves the skin refreshed, as it helps to get rid of not only impurities, but also the unpleasant smell of sweat. The massage that accompanies washing stimulates the flow of lymph and blood, which allows for the faster removal of toxins and excess water from the body, as well as stimulating the skin to regenerate.
- Daily body care with the Body Glove washing glove is pure pleasure!

H O W T O U S E

- Use as you prefer, in the bath or shower. Massage the body with gentle circular movements, from the lower parts to the upper ones.
- On the dry body, apply a balm according to the needs of your skin.
